All you need is 2 witnesses who are both SA citizens and in possession of green barcode IDs or Smartcards and are over the age of 18 years to be present at your ceremony. Then you sign the paperwork and put your left thumb print in the Home Affairs marriage register and I pronounce you married. You may then seal your union with a kiss. I present you with a marriage certificate as proof of your marriage and I register your nuptials within 3 working days after the event and send you digital proof from the DHA register.

This is for couples who don't want any style of ceremony at all. All you need is 2 witnesses who are both SA citizens and in possession of green barcode IDs or Smartcards and are over the age of 18 years to stand with you at your wedding. After you say your I DOs, then you both have the fingerprint of your left thumb taken in the marriage register and the paperwork is done. I travel to DHA to register your marriage while you start living your life as a married couple.

NON-CHRISTIAN MARRIAGES INCLUDING MUSLIM RIGHTS

Package

If you got married according to your traditional rights and now you want to legalize your marriage on the population register at Home Affairs. I'm available to assist in this process.

I do all the legal paperwork and register your marriage at DHA. This is very similar to a wedding at Home Affairs offices, just much more relaxed and in the comfort of your own home or a venue of your choosing. Afterwards you continue your married life and you don't have to go to DHA, I do that for you. For couples who don't want any style of ceremony, just the legal question, finger prints and documents completed in the marriage register in the presence of your 2 witnesses who are both over the age of 18 years, SA citizens and in possession of the green barcode IDs or Smartcards. Once you and your witnesses have signed the marriage register I take it to DHA to be registered within 3 working days of you signing it.

- You will also need some wet wipes on your signing table for cleaning thumbs after fingerprinting.

And my fee includes the following:

- Travel to do: verification of marital status for every couple (this is mandatory due to the high incidence of fraud in our country) plus to venue of ceremony; and to meet with couple; to venue to officiate marriage ceremony and lastly back to Home Affairs to register the marriage.
- Writing of a bespoke ceremony for every couple
- All communications including texts, screenshots and emails
